DETAILED ACTION

1. Claims 1-18 are pending for examination as interpreted by the examiner. The IDS filed on 11/25/03 and 4/11/05 were considered.

EXAMINER'S AMENDMENT

2. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the issue fee.

The application has been amended as follows:

IN THE CLAIMS:

In claim 3, line 3, the term "outputs" has been amended to --output--.

Reasons for Allowance

3. The following is an examiner's statement of reasons for allowance: claims 1-18 are allowed over the prior art because of the references cited in the record, considered in combination or alone, fail to suggest or fairly teach a method of detecting a type of disk based on time taken for the disk tray to open and close that includes all of the limitations as recited in claims 1, 3, 5, 7, 15, and 17. All other claims are allowed with their respective allowable parent claims 1, 3, 5, 7, 15, and 17.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Cited References

4. The prior art made of record and not relied upon is considered pertinent to applicant's disclosure. The cited references relate to methods for detecting different types of disks in a recording/reproducing apparatus.
